- Health & Safety (including managing children with medical needs)
- E-Safety (including use of social media)
- Whistleblowing
- Safer Recruitment
- Health Education, Relationships Education and Relationships and Sex Education

2. Introduction

2.1. At Newtown School we believe that a policy on child protection is founded on the right of all children people to be safe and feel safe, and that it is the fundamental obligation on all schools to robustly secure this right.

This aim of this policy is to provide staff, governors and volunteers with the framework they need to keep children in Newtown School safe and secure and to provide parents and carers with the information about how we will safeguard their children whilst in our care.

This policy has been developed in accordance with the principles established by the **Children Acts 1989 and 2004**; and in line with the following:

- “Working Together to Safeguard Children 2018” - July 2018 [Working Together To Safeguard Children July 2018](#)
- “**Keeping Children Safe in Education**”- statutory guidance for schools and further education colleges - **Sept 2020**
- Information Sharing Guidance for Safeguarding Practitioners [Information Sharing Guidance](#) – DfE July 2018
- Children Missing Education; Statutory Guidance for Local Authorities - Sept 2016 [Children missing education - GOV.UK](#)
- Statutory Guidance issued under section 29 of the Counter-Terrorism and Security Act - 2015 [Prevent Duty Guidance](#)
- Sexual Violence and Sexual Harassment between Children in Schools and Colleges – May 2018 [Sexual Violence and Sexual Harassment between Children in Schools and Colleges](#)
- The Equality Act - 2010 [Equality Act 2010: guidance - GOV.UK](#)
- The United Nations Convention on the Rights of the Child (UNCRC) [United Nations Convention on the Rights of the Child](#)
- What to do if you’re worried a child is being abused - March 2015 [What to do if you are worried a child is being abused](#)
- Statutory Guidance on Health Education, Relationships Education and Relationships and Sex Education 2020 <https://www.gov.uk/government/publications/relationships-education-relationships-and-sex-education-rse-and-health-education>

2.2. We believe clear governance and leadership is central to embedding a safeguarding culture. The Governing Body takes its responsibility seriously under **section 175 of the Education Act 2002** safeguard and promote the welfare of children; working together with other agencies to ensure adequate arrangements are in place within our school to identify, assess, and support those children who are suffering harm or whose welfare may be in question. Governors will ensure all staff at the school have read and understood their responsibilities pertaining to **Part 1, Part 5 and Annexe A of Keeping Children Safe in Education, Sept 2020**. They must ensure that there is an auditable system in place to evidence this.

2.3. All staff are required to read and adhere to the **Staff Code of Conduct** which governs behaviours expected of them, as well as having an understanding of the **Behaviour Policy** for children and our **Attendance Policy**.

2.4. We recognise all staff and Governors have a full and active part to play in protecting our pupils from harm, actively promoting their welfare and ensuring that every child’s welfare is our paramount concern. Each member of staff is responsible for contributing to a positive culture of safeguarding in Newtown School.

- 2.5. All staff believe our school must provide a safe, caring, positive and stimulating environment that promotes the social, physical and moral development of the individual children.
- 2.6. The school recognises that as well as threats to the welfare of children from within their families, children may be vulnerable to abuse or exploitation outside their homes and from other children. Staff must remain vigilant and alert to these potential risks.
- 2.7. The aims of this policy are:
- 2.7.1. To support pupils' development in ways that will foster security, confidence and resilience, free from discrimination.
- 2.7.2. To provide an environment in which children feel safe, secure, valued and respected.
- 2.7.3. Children feel confident that they know how to approach adults if they are in difficulties.
- 2.7.4. To ensure all teaching staff, non-teaching staff and volunteers:
- are aware of the need to safeguard and promote the wellbeing of children
 - identify the need for support early to promote well-being
 - promptly report cases of actual or suspected abuse, in line with guidance from the Buckinghamshire Threshold Document
 - are trained to recognise signs and indicators of potential abuse
- 2.7.5. To provide a systematic means of monitoring children known to be or thought to be at risk of harm and ensure contribution to assessments of need and support plans for those children.
- 2.7.6. To acknowledge the need for effective and appropriate communication, ensuring staff know how and when to share information to protect children in a way that is legal, ethical and timely.
- 2.7.7. To ensure Newtown School has a clear system for communicating concerns and a model for open communication between children, teachers, parents/carers and other adults working with children.
- 2.7.8. To have a clearly understood structured procedure within the school which will, in cases of suspected abuse, be promptly followed by all members of the school community.
- 2.7.9. To ensure the school has robust systems in place to accurately record safeguarding and child protection concerns, which are clearly understood by staff and adhered to. Actions taken to address concerns and outcomes achieved are dealt with in a timely manner, clearly and accurately recorded. These records are securely stored.
- 2.7.10. To develop effective working relationships with all other agencies involved in safeguarding, supporting the needs of children at our school.
- 2.7.11. To ensure that all staff appointed have been through the safer recruitment process and understand the principles of safer working practices as set out in our **Staff Code of Conduct**, which stipulates their duty to report where behaviours of colleagues may have stepped outside of agreed safe practices. All staff must work to develop a positive culture of safeguarding in our school.
- 2.7.12. To provide clarity to other community users of our facilities with regard to our expectations of how they should maintain a safe environment, which supports children's welfare and development. We reserve the right to decline access to use the school facilities where we believe their ethos or practice is not aligned with this policy.
- 2.7.13. This policy is published on our website, in the policy section and hard copies are available from the school office.

3. Responsibilities

- 3.1. All staff, visitors and volunteers understand safeguarding children is **everyone's responsibility** and that they must be diligent to help secure children's safety and wellbeing. Any person who receives a disclosure of abuse, an allegation or suspects that abuse may have occurred will report it immediately to Julia Antrobus (Designated Safeguarding Lead; DSL) or, in their absence, to Louise Crook or Toni East (Other DSLs). In the absence of any of the above, concerns will be brought to the attention of the most senior member of staff on site. Staff understand that if there is an immediate risk of harm then the police or First Response will be called directly and the DSL will be updated at the earliest opportunity (see the referral procedure in sections 4 and 7, and allegations against staff in section 9).
- 3.2. Staff understand that safeguarding and promoting the welfare of children is defined as: protecting children from maltreatment; preventing impairment of children's mental and physical health or development; ensuring that children grow up in circumstances consistent with the provision of safe and effective care; taking action to enable all children to have the best outcomes (**KCSIE 2020**).
- 3.3. Staff must maintain a good working knowledge of the [Buckinghamshire Threshold Document](#) and any updates, how it can be used to safeguard and promote the wellbeing of pupils and how it should be used to inform decision making regarding a referral to First Response as soon as there is a significant concern.
- 3.4. Staff understand that children who need a social worker are potentially at greater risk of harm than others. Children may need this help due to abuse, neglect and complex family circumstances. A child's experiences of adversity and trauma can leave them vulnerable to further harm, as well as educationally disadvantaged in facing barriers to attendance, learning, behaviour and mental health. Where children need a social worker this will inform decisions about safeguarding (for example, responding to unauthorised absence or missing education where there are known safeguarding risks) and about promoting welfare (for example, considering the provision of pastoral and/or academic support, alongside action by statutory services).
- 3.5. Staff understand that the most common reason for children becoming looked after is as a result of abuse and/or neglect and that previously looked after children remain vulnerable. Staff have the skills, knowledge and understanding to keep both looked after children and previously looked after children safe.
- 3.6. Staff understand increased vulnerability and that barriers exist when recognising abuse and neglect for children with Special Educational Needs or Disabilities.
- 3.7. The Governing Body understands and fulfils its safeguarding responsibilities. It must:
 - 3.7.1. Ensure that the Headteacher and (when not the Headteacher) the DSL create and maintain a strong, positive culture of safeguarding within the school.
 - 3.7.2. Ensure that this policy reflects the unique features of the community we serve and the needs of the pupils attending our provision (see section 4). This will be reviewed at least annually in line with changes to guidance and legislation.
 - 3.7.3. Regularly monitor and evaluate the effectiveness of this Child Protection Policy and be satisfied that it is being complied with.
 - 3.7.4. Appoint a Designated Safeguarding Lead (DSL), who is a member of the Senior Leadership Team (SLT) and has the required level of authority, and also appoint at

least one Deputy DSL. The Headteacher has overall responsibility for safeguarding within the school; they can be the DSL or can delegate that work to a member of the SLT. The SLT must report to the Headteacher on a regular basis. The roles and responsibilities of the DSL and Deputy DSL are made explicit in those post-holders' job descriptions.

- 3.7.5.** Recognise the importance of the role of the DSL, ensuring they have sufficient time, training, skills and resources to be effective. Refresher training must be attended every 2 years, in addition knowledge and skills must be refreshed at regular intervals, at least annually.
 - 3.7.6.** Ensure measures are in place for the governing body to have oversight of how the school's delivery against its safeguarding responsibilities are exercised and evidenced. Ensure robust structures are in place to challenge the Headteacher where there are any identified gaps in practice or procedures are not followed.
 - 3.7.7.** Recognise the vital contribution that the school can make in helping children to keep safe, through incorporation of safeguarding within the curriculum. This will be taught through learning about online safety, the PSHE curriculum and relevant issues through the Relationship Education (primary schools) or Relationship Sex Education (secondary schools, mandatory from Sept. 2020). Ensure that through curriculum content and delivery children in the school understand, at age and stage appropriate levels, safeguarding and how to keep themselves safe in a contextually appropriate way.
 - 3.7.8.** Ensure safe and effective recruitment policies and disciplinary procedures are in place, which adhere to **Keeping Children Safe in Education, September 2020** and legislation referred to therein.
 - 3.7.9.** Ensure resources are allocated, as a priority, to meet the needs of pupils requiring child protection or early intervention.
 - 3.7.10.** Ensure the DSL completes an Annual Safeguarding Report for Governors, demonstrating how we are meeting our statutory responsibilities for safeguarding and promoting the welfare of children. Ensure a copy of this report is shared with the Education Safeguarding Advisory Service within the specified time frame.
- 3.8.** It is the duty of the Chair of Governors, David Mason, to liaise with relevant agencies if any allegations are made against the Headteacher. If there are concerns that issues are not being progressed in an expedient manner, staff/pupils/parents/carers should escalate concerns to the Local Authority Designated Officer (LADO) via First Response.
- 3.9.** The Governing Body must ensure that a named teacher is designated for Children Looked After and that an up to date list of children who are subject to a Care Order or are accommodated by the County Council is regularly reviewed and updated. The school must work with the Virtual Schools Team to support the educational attainment for those children who are Looked After.
- 3.10.** Governing bodies, proprietors and their senior leadership teams, especially their designated safeguarding leads, should make themselves aware of and follow their local arrangements with the three safeguarding partners (the local authority; a clinical commissioning group for an area within the local authority; and the chief officer of police).
- 3.11.** The governing body has a statutory duty to appoint a Nominated Governor for Child Protection. The Nominated Governor must be familiar with [Buckinghamshire Safeguarding Children Partnership](#) procedures, Local Authority procedures and guidance issued by the Department for Education. The Nominated Governor must:
- 3.11.1.** Work with the DSL to produce the Child Protection Policy annually.

- 3.11.2. Undertake appropriate safeguarding training, to include Prevent Training.
 - 3.11.3. Ensure child protection is, as a minimum, an annual agenda item for the Governing Body.
 - 3.11.4. Meet at least termly with the DSL to review and monitor the school's delivery on its safeguarding responsibilities and to review the Single Central Record.
 - 3.11.5. Should ensure that children are taught about safeguarding, including online safety. This will include relevant issues through Health Education and Relationships Education.
- 3.12. All governors must complete safeguarding training on appointment, to also include Prevent training.
- 3.13. Overall responsibility for the safeguarding of pupils remains with the Headteacher, although tasks may be delegated to other members of the team, including the nominated DSL if appropriate. We have a Designated Safeguarding Lead (DSL) who is responsible for:
- 3.13.1. Creating a culture of safeguarding within the school, where children are protected from harm. Ensuring all staff receive an appropriate level of induction and training to support them to be professionally curious and vigilant in order to question behaviours and challenge perceptions if they have concerns for a pupil.
 - 3.13.2. Ensuring children receive the right help at the right time using the Buckinghamshire Threshold Document to inform plans for support or protection (see Appendix for definitions of the categories of abuse).
 - 3.13.3. Ensuring referrals to partner agencies are followed up in writing, within 24 hrs of initial contact, including referrals to First Response.
 - 3.13.4. Establishing and embedding a policy and process for recording and storing information about child protection concerns and outcomes achieved, enabling records to be reviewed and an overview gained, in order to support timely interventions and allow prompt follow up. This includes use of the Escalation Process found on the BSCP website.
 - 3.13.5. Ensuring safeguarding records, legislation and guidance are up to date and are maintained in accordance with data protection. Ensuring records are stored safely and securely and remain confidential. That:
 - the DSL must share information, both internally and externally, on a 'need to know' basis only, being able to justify the reason for sharing and in accordance with the confidentiality policy.
 - all child protection files are held separately from pupil educational records.
 - 3.13.6. Maintaining the record of staff safeguarding training. Ensuring that the Newtown School most up to date **Child Protection Policy** is widely available (this may be on the website), publishing the **Safeguarding Statement** and other relevant information on the school website. Ensuring that the safeguarding team contact details and photos are displayed in prominent areas around the school and also on the website.
 - 3.13.7. Being the designated point of contact for staff to be able to discuss and share their concerns, developing a culture whereby staff feel comfortable to do so. In their absence the DSL will ensure the Deputy DSL, or most senior member of staff, is available (The DSL and the Deputy are both trained to the same level within our school).
 - 3.13.8. Being available to staff and outside agencies during school hours and term time for consultation on safeguarding concerns raised. Having responsibility to ensure that cover is arranged outside of term-time during working hours.

- 3.13.9.** During residential and extended school hours, ensuring arrangements are in place for staff to have a point of contact.
- 3.13.10.** Contributing effectively to multiagency working, for the safeguarding and promotion of the welfare of children, this could include:
- participating in Strategy discussions;
 - attending Child Protection Case Conferences;
 - submitting reports to the conference, which must be shared in advance with the parents/carers;
 - contributing effectively and taking shared responsibility for core group meetings with all other agencies involved;
 - engaging fully, as requested, in any other multi-agency planning meetings;
 - contributing to the Framework for Assessments process;
 - ensuring coverage is available at all times during the year
- 3.13.11.** Providing the Headteacher (if the Headteacher is not the DSL), with an annual report for the Governing Body, detailing how school delivers on its safeguarding responsibilities and any child protection issues within the school. The Governing Body will use this report to fulfil its responsibility to provide the Local Authority with information about their safeguarding policies and procedures.
- 3.13.12.** Meeting regularly (at least once a term) with the Nominated Governor to share oversight of the safeguarding provision within the setting, monitor performance and develop plans to rectify any gaps in policy or procedure.
- 3.13.13.** Meeting the statutory requirement to keep up to date with knowledge, enabling them to fulfil their role, including attending mandatory and any other additional relevant training.
- 3.13.14.** Referring immediately to the Police any cases where a criminal offence may have been committed or risk of harm is imminent.

4. Procedures

Our school procedures for all staff, volunteers and visitors in safeguarding and protecting children from harm are in line with Buckinghamshire County Council and [Buckinghamshire Safeguarding Children Partnership](#) safeguarding procedures, **“Working Together to Safeguard Children 2018”**, **“Keeping Children Safe in Education” 2020** and statutory guidance issued under section 29 of the **Counter-Terrorism and Security Act 2015**.

We will ensure:

- 4.1** We have a designated member of the Senior Leadership Team who has undertaken appropriate training for the role, as recommended by the BSCP. Our Designated Safeguarding Lead (DSL) will be required to update their training in accordance with the Learning Pathway agreed by the BSCP.
- 4.2** We have two members of staff, Louise Crook and Toni East, who will act in the DSL’s absence and who have also received training for the role of DSL. In the absence of an appropriately trained member of staff, the most senior member of staff on site will assume this role.
- 4.3** All adults (including supply teachers and volunteers) new to our school are made aware of the school’s policy and procedures for child protection, the name and contact details of the DSL, their role and responsibilities under **“Keeping Children Safe in Education 2020”** and the booklet **“What to do if You’re Worried a Child is Being Abused”**. They will have these explained, as part of their induction into the school.
- 4.4** Visitors must be :
- 4.4.1** Clearly identified with visitor/contractor passes.

- 4.4.2 Met and directed by school staff/representatives.
 - 4.4.3 Signed in and out of the school by school staff.
 - 4.4.4 Given a safeguarding leaflet to read, or directed to a poster informing them of how to report a concern.
 - 4.4.5 Given restricted access to only specific areas of the school, as appropriate.
 - 4.4.6 Escorted by a member of staff/representative as required.
 - 4.4.7 Given access to pupils restricted to the purpose of their visit.
- 4.5 All members of staff must complete regular safeguarding training, attend regular refresher training and partake in any training opportunities arranged or delivered by the DSL. Updates must be cascaded to all staff throughout the year, at a minimum of once a year.¹
- 4.6 All parents/carers must be made aware of the school's responsibilities in regard to child protection procedures through this policy, which is available on our website. Hard copies are also available from the school office.
- 4.7 All staff must follow the reporting procedures as follows when reporting any child protection concerns:
- 4.7.1 Staff must ensure the child is in a safe place and in receipt of support;
 - 4.7.2 Staff must initially make a verbal report to the DSL to alert them to the safeguarding/child protection concern;
 - 4.7.3 Staff must make a written report using the school record keeping process by logging onto CPOMS;
 - 4.7.4 When a concern is identified by a volunteer or a visitor to the school who is not able to log onto the CPOMS system the volunteer must report the concern to a DSL who will use CPOMS to record the concern;
 - 4.7.5 Staff must ensure the time and date of the incident is recorded;
 - 4.7.6 A factual account of the incident must be recorded, including who was involved, what was said/seen/heard, where the incident took place and any actual words or phrases used by the child;
 - 4.7.7 Use a body map on CPOMS to record any injuries seen or reported by the child;
 - 4.7.8 Staff must sign and date the report giving details of their role within school;
 - 4.7.9 The DSL will use the CPOMS system when the report was passed to them and what action was taken alongside any outcomes achieved.
- 4.8 Through our **Attendance Policy**, we have a robust system for monitoring attendance and will act to address absenteeism with parents/carers and pupils promptly and identify any safeguarding issues arising. Children who are absent from school with no information from the parent will be phoned within an hour of the register closing, if no answer is gained then the next contact number will be phoned until we can guarantee the child is safe. If we cannot get hold of anyone we may phone the police to ask for a welfare check.
- 4.9 All children attending our school are required to have a minimum of two identified emergency contacts.
- 4.10 Any pupil absent for ten school days, where it has not been possible to make contact with a parent/carer, will be reported as a Child Missing in Education (CME) using the **Buckinghamshire CME Protocol**.

¹ "Keeping Children Safe in Education 2019" states that staff should receive regular training. Buckinghamshire County Council advises that this takes place no longer than 3 years in between refresher training.

- 4.11 Any absence, without satisfactory explanation, of a pupil currently subject to a child protection or child in need plan is immediately referred to their social worker.
- 4.12 Parents/carers must inform school if there are any changes to a pupil's living arrangement. Newtown School has a mandatory duty to inform the local authority, via the First Response Team, if a child under the age of 16 years old lives with someone other than their parent, step-parent, aunt, uncle or grandparent for a period of more than 28 days. This is defined as being a private fostering arrangement.
- 4.13 All staff, parents/carers and children are made aware of the school's escalation process, via the school website, which can be activated in the event of concerns not being resolved after the first point of contact. We acknowledge an individual's safeguarding responsibility does not end once they have informed the DSL of any concerns, although specific details of further actions may be appropriately withheld by the DSL as information will only be shared on a need to know basis.
- 4.14 Our lettings policy reflects the ongoing responsibility the school has for safeguarding those using the site outside of normal school hours, ensuring the suitability of adults working with children on school sites at any time. School must have sight of the up to date **Child Protection Policy** of any organisation hiring the school's facilities.
- 4.15 The school operates **Safer Recruitment** practices, including ascertaining the suitability of volunteers and employed staff, both employed directly or via an agency, who are working in regulated activities.
- 4.16 Allegations against members of staff, including volunteers, are referred to the Local Authority Designated Officer (LADO).
- 4.17 Our procedures are reviewed and updated annually as a minimum, or as there are changes to legislation.

5. Retention of Records

- 5.1 When a disclosure of abuse or an allegation against a member of staff or volunteer has been made, our school must have a record of this. These records are maintained in a way that is confidential and secure, in accordance with our **Record Keeping Policy** and **Data Protection Legislation**.
- 5.2 There is a statutory requirement for our school to pass any child protection records to the pupil's next school. We are required to have an auditable system in place to evidence we have done so. Any transfer of records will be carried out using a secure method and will be sent separately to the pupil's general file.
- 5.3 The last statutory school maintains child protection files until a pupil reaches the age of 25 years, therefore if the transfer school is unknown, or a pupil is going to be electively home educated, any child protection files will remain at our school in a secure location. Child protection files will only be destroyed when the pupil reaches their 25th birthday.
- 5.4 We have a robust system for reviewing our archived information held. Our files are stored and disposed of in line with GDPR protocols.

6. Confidentiality

- 6.1 We recognise that all matters relating to child protection are confidential.
- 6.2 The Headteacher or Designated Safeguarding Lead must only disclose personal information about a pupil to other members of staff on a need to know basis.
- 6.3 Staff must not keep duplicate or personal records of child protection concerns. All information must be reported to the Designated Safeguarding Lead and securely stored in the designated location within the school, separate from the pupil records. With effect from September 2020 CPOMs will be used to store and transfer information securely.
- 6.4 All staff are aware they cannot promise a child to keep secrets which might compromise the child's safety or well-being or that of another as they have a duty to share. Staff must, however, reassure the child that information will only be shared with those people who will be able to help them and therefore need to know.
- 6.5 We will always undertake to share our intention to refer a child to Social Care (First Response) with their parent/carer's consent, unless to do so could put the child at greater risk of harm or impede a criminal investigation. If in doubt, we will consult with First Response on this point. We recognise that GDPR must not be a barrier for sharing information regarding safeguarding concerns.

7. Dealing with a disclosure

In the event of a child disclosing abuse staff must:

- 7.1 Listen to the child, allowing the child to tell what has happen in their own way, and at their own pace. Staff must not interrupt a child who is freely recalling significant events.
- 7.2 Remain calm. Be reassuring and supportive, endeavouring to not respond emotionally.
- 7.3 Not ask leading questions. Staff are reminded to ask questions only when seeking clarification about something the child may have said or to gain sufficient information to know that this is a safeguarding concern. Staff are trained to use TED; Tell, Explain, Describe.
- 7.4 Make an accurate record of what they have seen/heard using the school's record keeping processes, recording; times, dates or locations mentioned, using as many words and expressions used by the child, as possible. Staff must not substitute anatomically correct names for body part names used by the child.
- 7.5 Reassure the child that they did the right thing in telling someone.
- 7.6 Staff must explain to the child what will happen next and the need for the information to be shared with the DSL.
- 7.7 In the unlikely event the DSL and deputy DSL not being available, staff are aware they must share concerns with the most senior member of staff.
- 7.8 **If there is immediate risk of harm to a child, staff will NOT DELAY and will ring 999.**
- 7.9 The child will be monitored/accompanied at all times following a disclosure, until a plan is agreed as to how best they can be safeguarded.

- 7.10** Following a report of concerns the DSL must:
- 7.10.1** Decide whether there are sufficient grounds for suspecting significant harm, in which case a referral must be made to First Response and the police if it is appropriate. Additional guidance on when to call the police located at paragraph 70 **KCSIE 2020**. The rationale for this decision should be recorded by the DSL.
- 7.10.2** Normally the school should try to discuss any concerns about a child’s welfare with parents/carers and, where possible, obtain consent before making a referral to First Response. However, in accordance with DfE guidance, this should only be done when it will not place the child at increased risk or could impact a police investigation. Where there are doubts or reservations about involving the child’s family, the DSL should clarify with First Response or the police whether the parents/carers should be told about the referral and, if so, when and by whom. This is important in cases where the police may need to conduct a criminal investigation. The child’s views should also be taken into account.
- 7.10.3** If there are grounds to suspect a child is suffering or is likely to suffer significant harm, the DSL (or Deputy) must contact First Response by telephone in first instance and then completing the Multi Agency Referral Form (MARF) making a clear statement of:
- the known facts
 - any suspicions or allegations
 - whether or not there has been any contact with the child’s family
- 7.10.4** If the child is in immediate danger and urgent protective action is required, the police must be called. The DSL must then notify First Response of the occurrence and what action has been taken.
- 7.10.5** If a child needs urgent medical attention, the DSL (or Deputy) should call an ambulance via 999. DSL to contact First Response; advice to be sought from First Response about informing parents/carers.

8. Supporting Staff

- 8.1** We recognise that staff becoming involved with a child who has suffered harm, or appears to be likely to suffer harm, could find the situation stressful and upsetting.
- 8.2** We will support such staff by providing an opportunity to talk through their anxieties with the DSL and to seek further support if necessary. This could be provided by the Headteacher or another trusted colleague, Occupational Health, and/or a representative of a professional body, Employee Assistance Programme (PAM) or trade union, as appropriate.
- 8.3** In consultation with all staff, we have adopted a **Code of Conduct** for staff working in our school. This forms part of staff induction and is in the staff handbook. All staff know how to access the **Code of Conduct** to refer to it (see the appendix). All staff are required to sign that they have read, understood and agree to comply with the agreed standards of practice set out in the staff **Code of Conduct**.

9. Allegations against staff (including supply staff) and volunteers (including Governors)

- 9.1** All school staff and volunteers must take care not to place themselves in a vulnerable position with a child. It is always advisable for interviews or work with individual children or parents/carers to be conducted in view of other adults (See also section 7 above). There must be no 1:1 contact between staff and pupils which is not “open to the casual observer”.

- 9.2** Allegations against staff can include behaviours that indicate they may not be suitable to work with children. This is because of transferable risk, where a member of staff or volunteer is involved in an incident outside of school which did not involve children but could have an impact on their suitability to work with children. For example, a member of staff is involved in domestic violence at home. No children were involved but the school would need to consider what triggered these actions and could a child in school trigger the same reaction, therefore being put at risk.
- 9.3** We understand that a pupil may make an allegation against a member of staff (including supply staff) or volunteer. If such an allegation is made, the member of staff notified of the allegation will immediately inform the Headteacher or the most senior teacher if the Headteacher is not present. When using an agency the school should inform the agency of its process for managing allegations.
- 9.4** The Headteacher/Senior Teacher on all such occasions must immediately discuss the content of the allegation with the Local Authority Designated Officer (LADO). The purpose of an initial discussion is for the LADO and the Case Manager to consider the nature, content and context of the allegation and agree a course of action.
- 9.5** The Head Teacher/Senior Teacher must:
- 9.5.1** Follow all advice given by the LADO throughout the investigation process, including how to manage the staff member or volunteer against whom the allegation is made, as well as supporting other staff and volunteers within the workplace.
 - 9.5.2** Follow all advice given by the LADO relating to supporting the child making the allegation, as well as other children connected to the organisation.
 - 9.5.3** Ensure feedback is provided to the LADO about the outcome of any internal investigations.
- 9.6** If the allegation made to a member of staff concerns the Headteacher, the person receiving the allegation will immediately inform the Chair of Governors who will consult the LADO without notifying the Headteacher first.
- 9.7** The school will follow the local safeguarding procedures for managing allegations against staff and volunteers, a copy of which can be found in the school office and in the staff room.
- 9.8** Suspension of the member of staff against whom an allegation has been made needs careful consideration and, if necessary, we will consult with the LADO in making this decision. Guidance will also be sought from HR.
- 9.9** If a suspension is made, restrictions will apply to all staff and volunteers regarding contact with them whilst they are suspended, including contact via social media, such as Facebook and Twitter.
- 9.10** Our lettings agreement for other users requires that the organiser will follow the Buckinghamshire County Council procedures for managing allegations against staff and where necessary, the suspension of adults from school premises.
- 9.11** Should an individual staff member, governor or volunteer be involved in child protection, other safeguarding procedures or Police investigations in relation to abuse or neglect, they must immediately inform the Head Teacher. In these circumstances, the school will need to assess whether there is any potential for risk of transfer to the workplace and the individual's own

work with children.

10. Whistleblowing

- 10.1 We have a **Whistleblowing Policy** which can be found in the school office and in the staff room. Staff are required to familiarise themselves with this document during their induction period.
- 10.2 All staff must be aware of their duty to raise concerns about the attitude or actions of colleagues and report their concerns to the Headteacher or Chair of Governors.

11. Physical intervention/Positive handling

- 11.1 Our policy on physical intervention/positive handling by staff is set out separately, as part of our **Behaviour Policy**.

12. Anti-Bullying

Anti-Bullying is referenced within the **Anti-Bullying Policy** and measures are in place to prevent and respond to all forms of bullying, which acknowledges that to allow or condone bullying may lead to consideration under child protection procedures.

13. Discriminatory Incidents

- 13.1 In line with the **Equalities Act 2010**, our **Equalities and Cohesion Policy** addresses all forms of discriminatory incidents. It takes into account the guidance offered by the Buckinghamshire guidance document 'Equally Safe – Dealing with Prejudice Related Incidents Guidance for Schools'.

14. Health and Safety

- 14.1 We recognise the importance of safeguarding pupils throughout the school day. Our **Health and Safety policy** reflects the consideration we give to the protection of our children, both physically and emotionally, within the school environment.
- 14.2 Part of the safeguarding measures we have in place include the safe dropping off and collection of pupils at the start and end of the school day. All parents/carers must deliver their children to their class teacher and collect them from their classroom door. Parents/carers are expected to inform us via phone if there is to be a change in the arrangement of collection for their child.
- 14.3 Pupils who leave the site during the school day do so only with the written permission of a parent/carers and are collected by an authorised adult where appropriate. School should be notified by the parents/carers regarding whom they have authorised for this task.
- 14.4 Children attending after-school clubs will remain with their club leader until they are collected by someone on their contact list. If they are not collected within 5 minutes they are taken to After-School Club who will phone the emergency contact.
- 14.5 In the event of a pupil going missing during the course of the school day we will carry out immediate checks to ensure the pupil is not on site, we will then make contact with the pupil's parents/carers and inform the police.

15. Prevent Duty

- 15.1 We are aware of the Prevent Duty under **Section 26 of the Counter Terrorism and Security Act 2015** to protect young people from being drawn into terrorism. This is as a safeguarding matter like any other and these processes will be applied to support children and their families where vulnerabilities are identified.

- 15.2 All school staff and governors have completed Prevent training.
- 15.3 We have in place and monitor appropriate web filtering systems so that pupils cannot view potentially extreme material.
- 15.4 Staff understand the need for a culture of vigilance to be present in the school to support safeguarding. This includes awareness and sensitivity to changes in the attitudes of pupils, which may indicate they are at risk of radicalisation.

16. E-Safety

- 16.1 All staff are aware of the school policy on **E-Safety** which sets out our expectations relating to:
 - 16.1.1 Creating a safer online learning environment,
 - 16.1.2 Giving everyone the skills, knowledge and understanding to help children stay safe on-line, question the information they are accessing and support the development of critical thinking,
 - 16.1.3 Inspiring safe and responsible use of mobile technologies, to combat behaviours on-line which may make pupils vulnerable, including sexting (youth-produced sexual imagery),
 - 16.1.4 Use of mobile technology both within school and on school trips/ outings
 - 16.1.5 Use of camera equipment, including smart phones,
 - 16.1.6 What steps to take if there are concerns and where to go for help,
 - 16.1.7 Staff use of social media as set out in the **Staff Code of Conduct**.
- 16.2 Cyber-bullying by children, via texts, social media and emails, will be treated as seriously as any other type of bullying and will be managed through our anti-bullying procedures. This includes sexting and image exchange under threat or through coercion.
- 16.3 Pupils, staff and parents/carers are supported to understand the risks posed by:
 - 16.3.1 the CONTENT accessed by pupils
 - 16.3.2 their CONDUCT on-line
 - 16.3.3 and who they have CONTACT with in the digital world.
- 16.4 Visitors to our school are respectfully requested to leave all mobile devices in the school office. This is a safeguarding measure for our pupils.
- 16.5 Staff use of mobile technology whilst on site is set out in the **Staff Code of Conduct**.
- 16.6 Additional guidance on how to support keeping children safe online when they are learning at home is available at Annex C of KCSIE 2020.

17. Sexting

'Sexting', also referred to as 'youth produced sexual imagery', is one of a number of 'risk-taking' behaviours associated with the use of digital technologies, social media or the internet. It is accepted that children experiment and challenge boundaries and therefore the risks associated with 'online' activity can never be completely eliminated.

- 17.1 Staff, pupils and parents/carers are supported, via training, to understand the creation and sharing of sexual imagery, such as photos or videos, of under 18s is illegal. This includes images of pupils themselves if they are under the age of 18.

- 17.2** Any youth produced sexual imagery disclosures will follow the normal safeguarding practices and protocols for our school. We will also use the guidelines for responding to incidents, as set out in the publication '[Sexting in Schools and Colleges](#)' produced by the UK Council for Child Internet Safety.
- 17.3** If the incident meets the threshold it may be necessary to refer to the police in a timely manner; contact will be through a safer schools officer, a PCSO (Police Community Security Officer), local neighbourhood police or by dialling 101. Such a report will result in an Outcome 21 record being generated by the police. We will always endeavour to speak to the parents/carers of the pupils involved prior to any report being made to the police.

18. Mental Health

All staff should also be aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. Only appropriately trained professionals should attempt to make a diagnosis of a mental health problem. Staff however, are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one. Where children have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescence and into adulthood. It is key that staff are aware of how these children's experiences, can impact on their mental health, behaviour and education. If staff have a mental health concern about a child that is also a safeguarding concern, immediate action should be taken, following their child protection policy and speaking to the designated safeguarding lead or a deputy. Newtown School has a nurturing ethos and mental health and emotional development and well-being are firmly embedded into our curriculum.

19. Peer on Peer Abuse

Newtown School believes that all children have a right to attend school and learn in a safe environment free from harm by both adults and other pupils. We recognise that some safeguarding concerns can occur via peer on peer abuse.

- 19.1** All staff operate a zero-tolerance policy to peer on peer abuse and will not pass off incidents as 'banter' or 'just growing up'.
- 19.2** All staff recognise that peer on peer issues may include, but may not be limited to:
- 19.2.1** Bullying (including cyber bullying)
 - 19.2.2** Racial abuse
 - 19.2.3** Physical abuse, such as hitting, hair-pulling, shaking, biting or other forms of physical harm
 - 19.2.4** Sexual violence and sexual harassment
 - 19.2.5** Abuse related to sexual orientation or identity
 - 19.2.6** Sexting as set out in section 17
 - 19.2.7** Initiation type violence and rituals
 - 19.2.8** Emotional abuse
- 19.3** The following will be considered when dealing with incidents:
- 19.3.1** Whether there is a large difference in power between the victim and perpetrator i.e. size, age, ability, perceived social status or vulnerabilities, including SEND, CP/CIN or LAC
 - 19.3.2** Whether the perpetrator has previously tried to harm or intimidate pupils
 - 19.3.3** Any concerns about the intentions of the alleged perpetrator

- 19.4** In order to minimise the risk of peer on peer abuse taking place, school must:
- 19.4.1** Deliver PSHE to include teaching pupils about how to keep safe and understanding what acceptable behaviour looks like
 - 19.4.2** Ensure that pupils know that all members of staff will listen to them if they have concerns and will act upon them
 - 19.4.3** Have systems in place for any pupil to be able to voice concerns
 - 19.4.4** Develop robust risk assessments if appropriate
 - 19.4.5** Refer to any other relevant policies when dealing with incidents, such as the **Behaviour Policy** and/or the **Anti-Bullying Policy**
- 19.5** We recognise that ‘Upskirting’ involves taking a photograph under an individual’s clothing without their knowledge. We understand that it causes the victim distress and humiliation. Staff recognise that ‘Upskirting’ is a criminal offence and must promptly report any such incidence to the Headteacher, DSL or most senior member of staff.
- 19.6** Reference will be made to the following government guidance and part 5 of the **Keeping Children Safe in Education, Sept 2020** to ensure that all staff have an understanding of the serious nature of sexual violence and sexual harassment between children in schools. [Sexual violence and sexual harassment between children in schools and colleges - GOV.UK](#)

20. Cultural Issues

- 20.1** As a school we are aware of the cultural diversity of the community around us and work sensitively to address the unique culture of our pupils and their families as they relate to safeguarding and child protection. This includes children at risk of harm from abuse arising from culture, faith and belief on the part of their parent, carer or wider community.
- 20.2** Staff must report concerns about abuse linked to culture, faith and beliefs in the same way as other child protection concerns.

21. So Called ‘Honour’ Based Abuse

- 21.1** Staff at our school understand there is a legal duty to report known cases of Female Genital Mutilation (FGM) and So Called ‘Honour’ Based Abuse to the police and they will do this with the support of the DSL. [Mandatory reporting of female genital mutilation: procedural information - GOV.UK](#)
- 21.2** Our school is aware of the need to respond to concerns relating to forced marriage and understand that it is illegal, a form of children abuse and a breach of children’s rights. We recognise some pupils, due to capacity or additional learning needs, may not be able to give an informed consent and this will be dealt with under our child protection processes. (School name) staff can contact the Forced Marriage Unit if they need advice or information. Contact 020 7008 0151 fmufco.gov.uk
- 21.3** We are aware of the signs of FGM [Female genital mutilation \(FGM\) | NSPCC](#)
- 21.4** We recognise both male and female pupils may be subject to so called honour based abuse e.g. where children’s cultural background are at odds with their behaviours such as sexuality, under-age sex, relationships, gender identity or life style choices.

- 21.5** We promote awareness through training and access to resources, ensuring that the signs and indicators are known and recognised by staff.
- 21.6** Any suspicions or concerns for forced marriage are reported to the DSL who will refer to First Response or the police if emergency action is required.

22. Contextual Safeguarding

Contextual Safeguarding is an approach to understanding, and responding to, children's experiences of significant harm beyond their families. It recognises that the different relationships that children form in their neighbourhoods, schools and online can feature violence and abuse. Parents and carers may have little influence over these contexts, and children's experiences of extra-familial abuse can undermine parent/carer-children relationships. Extra-familial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation and serious youth violence.

- 22.1** At Newtown School we recognise that pupils may encounter safeguarding issues that happen in the wider community and we will respond to such concerns, reporting to the appropriate agencies in order to support and protect the pupil.
- 22.2** All staff, and especially the DSLs, will consider the context of incidents that occur outside of school to establish if environmental factors may be putting the pupil's welfare and safety at risk.
- 22.3** Children who may be alleged perpetrators will also be supported to understand the impact of contextual issues on their safety and welfare.
- 22.4** In such cases the individual needs and vulnerabilities of each child will be considered.

23. Domestic Abuse

Domestic abuse can impact upon children when they witness it at home and/or suffer it in an intimate personal relationship.

24. Serious Violence

- 24.1** All staff are aware of signs and indicators which may signal that children are at risk from, or are involved with, serious violent crime. These may include increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or significant change in well-being or signs of assault or unexplained injuries. Staff are aware that unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs.

24.2 Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)

Both CSE and CCE are forms of abuse and both occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into sexual or criminal activity. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, sexual identity, cognitive ability, physical strength, status, and access to economic or other resources. In some cases, the abuse will be in exchange for something the victim needs or wants and/or will be to the financial benefit or other advantage (such as increased status) of the perpetrator or facilitator. The abuse can be perpetrated by individuals or groups, males or females, and children or adults. The abuse can be a one-off occurrence or a series of incidents

over time, and range from opportunistic to complex organised abuse. It can involve force and/or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence. Victims can be exploited even when activity appears consensual and it should be noted exploitation as well as being physical can be facilitated and/or take place online. More information include definitions and indicators are included in Annex A **KCSIE (2020)**.

24.3 At Newtown School we are aware of the risks to children and will take appropriate measures to manage any situations arising

25. Use of Photography

We will often use photographs and film to capture achievements, monitor a child's development and help promote successes within our school. We like to have a record of all the wonderful activities our pupils take part in, in order to safeguard the children we do not allow parents or other visitors to photograph the children during events or productions but may sell photographs of children to family members.

26. Policy Review

The Governing Body of our school is responsible for ensuring the annual review of this policy. The date the next review is due is on the front cover of this policy.

Appendices

Everyone who works with children has a duty to safeguard and promote their welfare. They should be aware of the signs and indicators of abuse and know what to do and to whom to speak if they become concerned about a child or if a child discloses to them.

The following is intended as a reference for school staff and parents/carers if they become concerned that a child is suffering or likely to suffer significant harm.

The Children Act 1989 defines abuse as when a child is suffering or is likely to suffer 'significant harm'. Harm means ill treatment or the impairment of health or development. Four categories of abuse are identified:

Categories of Abuse

Child abuse is a form of maltreatment. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children people may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults, or another child or children.

Physical Abuse

A form of abuse which may involve; hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional Abuse

The persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.

Sexual Abuse

Involves forcing or enticing a child to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The [Brook Sexual Behaviours Traffic Light Tool](#) can be used as guidance to support professionals in identifying and responding to sexual behaviour in children.

Neglect

The persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- a) provide adequate food, clothing and shelter (including exclusion from home or abandonment)
- b) protect a child from physical and emotional harm or danger
- c) ensure adequate supervision (including the use of inadequate caregivers)
- d) ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Exploitation

Exploitation is a form of child abuse and may take a number of forms:

Child Sexual Exploitation

Sexual abuse may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside clothing. It may include non-contact activities, such as involving children in the production of sexual images, forcing children to look at sexual images or watch sexual activities, encouraging children to behave in sexually inappropriate ways or grooming a child in preparation for abuse (including via the internet). The definition of child sexual exploitation is as follows:

Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology

[CSE Guidance Core Document](#)

We recognise that exploitation includes the trafficking of children and Modern Day Slavery. [Victims of modern slavery – frontline staff guidance](#)

Extremism

Extremism is the vocal or active opposition to our fundamental values, including democracy, the rule of law, individual liberty and the mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces. Radicalisation refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups.

County Lines

As set out in the Serious Violence Strategy (see link below), published by the Home Office, a term used to describe gangs and organised criminal networks involved in exporting illegal drugs into one or more importing areas within the UK, using dedicated mobile phone lines or other form of 'deal line'. They are likely to exploit children and vulnerable adults to move and store the drugs and money, and they will often use coercion, intimidation, violence (including sexual violence) and weapons.

Child Criminal Exploitation

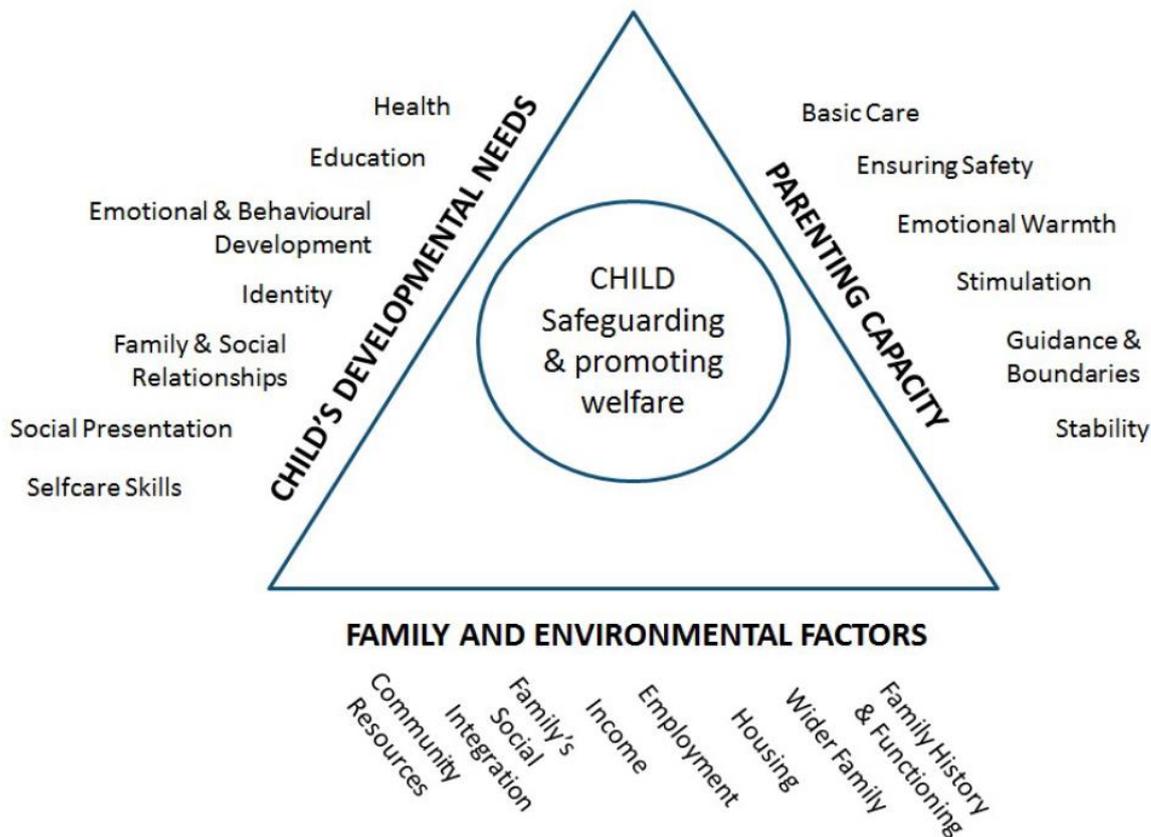

As set out in the [Serious Violence Strategy](#) published by the Home Office, where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child or young person under the age of 18 into any criminal activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial or other advantage of the perpetrator or facilitator and/or (c) through violence or the threat of violence. The victim may have been criminally exploited even if the

activity appears consensual. Child criminal exploitation does not always involve physical contact; it can also occur through the use of technology.

Taken from "[Working Together to Safeguard Children](#)" 2018

Assessment Framework

(from Working Together to Safeguard Children, July 2018)

Every assessment should draw together relevant information gathered from the child and their family and from relevant practitioners including teachers and school staff, early years workers, health practitioners, the police and adult social care.

Every assessment of a child should reflect the unique characteristics of the child within their family and community context.

Each child whose referral has been accepted by children's social care should have their individual needs assessed, including an analysis of the parental capacity to meet those needs, whether they arise from issues within the family or the wider community.

Frequently, more than one child from the same family is referred and siblings within the family should always be considered.

Code of Conduct

This guidance has been updated from an original IRSC document - 'Guidance for Safe Working Practice for the Protection of Children and Adults in Education Settings 2006' commissioned by DfES and is read and signed by every member of staff and given to all long term volunteers in the school.

Newtown School Code of Conduct

1. Context

Staff working in education settings have a crucial role to play in shaping the lives of young people. They have a unique opportunity to interact with children and young people in ways that are both affirming and inspiring. This guidance has been produced to help adults establish the safest possible learning and working environments which safeguard children and young people and reduce the risk of adults working with them being falsely accused of improper or unprofessional conduct.

This means that these guidelines:

- apply to **all** adults working at Newtown whatever their position, role, or responsibilities
- may provide guidance where an individual's suitability to work with pupils has been called into question.

2. 'Unsuitability'

The guidance contained in this document is an attempt to identify what behaviours are expected of adults who work with pupils. Adults whose practice deviates from this guidance and/or their professional or employment-related code of conduct may bring into question their suitability to work with pupils or children and young people in any capacity.

This means that adults should:

- have a clear understanding about the nature and content of this document
- discuss any uncertainties or confusion with the Headteacher or line manager
- understand what behaviours may call into question their suitability to continue to work with children and young people.

3. Duty of Care

Teachers and other education staff are accountable for the way in which they exercise authority; manage risk; use resources; and protect pupils from discrimination and avoidable harm.

All staff, whether paid or voluntary, have a duty to keep young people safe and to protect them from sexual, physical and emotional harm. Children have a right to be safe and to be treated with respect and dignity. It follows that trusted adults are expected to take reasonable steps to ensure the safety and well-being of pupils. Failure to do so may be regarded as professional neglect.

The duty of care is, in part, exercised through the development of respectful, caring and professional relationships between staff and pupils and behaviour by staff that demonstrates integrity, maturity and good judgement.

The public, local authorities, employers and parents have legitimate expectations about the nature of professional involvement in the lives of pupils. When individuals accept a role that involves working with children and young people, they need to understand and acknowledge the responsibilities and trust inherent in that role.

Employers have a duty of care towards their employees under the Health and Safety at Work Act 1974 which requires them to provide a safe working environment for staff and guidance about safe working practices. Thus, employers have a duty of care for the well-being of employees and to ensure that employees are treated fairly and reasonably in all circumstances. Staff who are subject to an allegation should therefore be supported and the principles of natural justice applied.

The Health and Safety Act 1974 also imposes a duty on employees to take care of themselves and anyone else who may be affected by their actions or failings. An employer's duty of care and the staff duty of care towards children should not conflict. This 'duty' can be demonstrated through the use and implementation of these guidelines.

The Governing Body of a school controls the use of the school premises both during and outside school hours, except where a trust deed allows a person other than the governing body to control the use of premises, or a transfer of control agreement has been made.

Where the Governing Body provides services or activities directly under the supervision or management of school staff the school's arrangements for safeguarding must be followed.

This means that adults should:

- *understand the responsibilities, which are part of their employment or role, and be aware that sanctions will be applied if these provisions are breached*
- *always act, and be seen to act, in the child's best interests*
- *avoid any conduct which would lead any reasonable person to question their motivation and intentions*
- *take responsibility for their own actions and behaviour*

This means that employers should:

- *foster a culture of openness and support*
- *ensure that systems are in place for concerns to be raised*
- *ensure that there is in place effective recording systems which confirm discussions, decisions and the outcomes of any actions taken.*
- *ensure that staff are not placed in situations which render them particularly vulnerable*
- *ensure that all staff are aware of expectations, policies and procedures*

This means that Governing Bodies should:

- *ensure that appropriate safeguarding and child protection policies and procedures are adopted, implemented and monitored in school*
- *ensure that, where services or activities are provided by another body, the body concerned has appropriate safeguarding policies and procedures*

4. Confidentiality

Members of staff may have access to confidential information about pupils in order to undertake their every day responsibilities. In some circumstances staff may be given highly sensitive or private information. They should never use confidential or personal information about a pupil or her/his family for their own, or others' advantage (including that of partners, friends, relatives or other schools/services). Information must never be used to intimidate, humiliate, or embarrass the pupil.

Confidential information about a child or young person should never be used casually in conversation or shared with any person other than on a need-to-know basis. In circumstances where the child's identity does not need to be disclosed the information should be used anonymously.

There are some circumstances in which a member of staff may be expected to share information about a child, for example when abuse is alleged or suspected. In such cases, individuals have a duty to pass information on without delay, but only to those with designated child protection responsibilities.

If a member of staff is in any doubt about whether to share information or keep it confidential he or she should seek guidance from a senior member of staff. Any media or legal enquiries should be passed to the office.

The storing and processing of personal information about pupils is governed by the Data Protection Act 1998. Employers should provide clear advice to staff about their responsibilities under this legislation.

The booklet "What To Do If You're Worried A Child Is Being Abused" contains further guidance on sharing information to protect children.

In cases where staff members know parents and children socially it is important to maintain a strict professional detachment and not discuss school matters outside school.

This means that adults:

- *should be clear about when information can be shared and in what circumstances it is appropriate to do so*
- *are expected to treat information they receive about pupils in a discreet and confidential manner*
- *should seek advice from a senior member of staff if they are in any doubt about sharing information they hold or which has been requested of them*
- *need to know to whom any concerns or allegations should be reported*
- *should **never** post any anecdotes or information obtained in school on social networking sites*

5. Making a Professional Judgement

This guidance cannot provide a complete checklist of what is, or is not appropriate behaviour for adults in all circumstances. There may be occasions and circumstances in which adults have to make decisions or take action in the best interests of the child or young person which could contravene this guidance or where no guidance exists. Individuals are expected to make judgements about their behaviour in order to secure the best interests and welfare of the children in their charge. Such judgements should always be recorded and shared a member of the senior management team and with the parent or carer. In undertaking these actions individuals will be seen to be acting reasonably.

Adults should always consider whether their actions are warranted, proportionate and safe and applied equitably.

6. Power and Positions of Trust

As a result of their knowledge, position and/or the authority invested in their role, all adults working in education settings are in positions of trust in relation to the young people in their care. Broadly speaking, a relationship of trust can be described as one in which one party is in a position of power or influence over the other by virtue of their work or the nature of their activity. It is vital for all those in positions of trust to understand the power this can give them over those they care for and the responsibility they must exercise as a consequence of this relationship.

A relationship between an adult and a child or young person is not a relationship between equals. There is potential for exploitation and harm of vulnerable young people. Adults therefore have a responsibility to ensure that an unequal balance of power is not used for personal advantage or gratification.

Adults should always maintain appropriate professional boundaries and avoid behaviour which might be misinterpreted by others. They should report and record any incident with this potential.

Where a person aged 18 or over is in a specified position of trust with a child under 18, it is an offence for that person to engage in sexual activity with or in the presence of that child, or to cause or incite that child to engage in or watch sexual activity.

This means that where no specific guidance exists adults should:

- *discuss the circumstances that informed their action, or their proposed action, with the Headteacher, senior member of the team and the parent/carer.*
- *report any actions which could be mis-interpreted to their line manager*
- *always discuss any misunderstanding, accidents or threats with their line manager*
- *record any areas of disagreement about course of action taken and if necessary referred to a higher authority*
- *ensure they have copies of records which confirm decisions, discussions and reasons why actions were taken.*

This means that adults should not:

- *use their position to gain access to information for their own or others' advantage*
- *use their position to intimidate, bully, humiliate, threaten, coerce or undermine pupils*
- *use their status and standing to form or promote relationships which are of a sexual nature, or which may become so*

7. Propriety and Behaviour

All adults working with pupils have a responsibility to maintain public confidence in their ability to safeguard the welfare and best interests of pupils. It is therefore expected that they will adopt high standards of personal conduct in order to maintain the confidence and respect of their colleagues, pupils or children public in general and all those with whom they work.

There may be times, for example, when an adult's behaviour or actions in their personal life come under scrutiny from local communities, the media or public authorities. This could be because their behaviour is considered to compromise their position in their workplace or indicate an unsuitability to work with pupils. Misuse of drugs, alcohol or acts of violence would be examples of such behaviour.

Adults in contact with pupils should therefore understand and be aware, that safe practice also involves using judgement and integrity about behaviours in places other than the work setting.

The behaviour of an adult's partner or other family members may raise similar concerns and require careful consideration by an employer as to whether there may be a potential risk to pupils in the workplace.

8. Dress and Appearance

A person's dress and appearance are matters of personal choice and self-expression. However adults should dress in ways which are appropriate to their role and this may need to be different to how they dress when not at work.

Adults who work with pupils should ensure they are dressed appropriately for the tasks and the work they undertake. Clothes should be of smart casual appearance with no jeans, denim, short skirts, shorts, sweatshirts or tracksuits.

Those who dress in a manner which could be considered as inappropriate could render themselves vulnerable to criticism or allegations.

This means that adults should not:

- *behave in a manner which would lead any reasonable person to question their suitability to work with children or act as a role model.*
- *make, or encourage others to make, unprofessional personal comments which scapegoat, demean or humiliate, or which might be interpreted as such*

This means that adults should:

- *be aware that behaviour in their personal lives may impact upon their work with pupils*
- *follow any codes of conduct deemed appropriate by their school/service*
- *understand that the behaviour and actions of their partner (or other family members) may raise questions about their suitability to work with pupils*

This means that adults should wear clothing which:

- *is appropriate to their role*
- *is not likely to be viewed as offensive, revealing, or sexually provocative*
- *does not distract, cause embarrassment or give rise to misunderstanding*
- *is absent of any political or otherwise contentious slogans*
- *is not considered to be discriminatory and is culturally sensitive*

9. The Use of Personal Living Space

No child or young person should be in or invited into, the home of an adult who works with them, unless the reason for this has been firmly established and agreed with parents/ carers and the Deputy Head or Headteacher.

It is not appropriate for any school/service to expect or request that private living space be used for work with pupils. Neither is it appropriate for school authorities to expect or request that private living space be used to see pupils for e.g. discussion of reports, academic reviews, tutorials, pastoral care or counselling. If these activities are required, management should ensure that appropriate accommodation is found elsewhere in the school.

Under no circumstances should pupils assist with chores or tasks in the home of an adult who works with them. Neither should they be asked to do so by friends or family of that adult.

10. Gifts, Rewards and Favouritism

All adults should be aware of the school guidance on rewards including arrangements for the declaration of gifts received and given.

The giving of gifts or rewards to pupils should be part of the agreed policy for supporting positive behaviour or recognising particular achievements. Gifts at Christmas or other festivals should be given to all children in a group or class and not show any favouritism. Adults need to be aware however, that the giving of gifts can be misinterpreted by others as a gesture either to bribe or 'groom' a young person.

Staff should exercise care when selecting pupils for school teams, productions, trips and/or specific work tasks in order to avoid perceptions of favouritism or injustice. Similar care should be exercised when pupils are excluded from an activity. Methods of selection and exclusion should always be subject to clear, agreed criteria.

Care should also be taken to ensure that adults do not accept any gift that might be construed as a bribe by others, or lead the giver to expect preferential treatment.

There are occasions when children, young people or parents wish to pass small tokens of appreciation to adults e.g. on special occasions or as a thank-you and this is acceptable. However, it is unacceptable to receive gifts on a regular basis or of any significant value.

This means that adults should:

- *be vigilant in maintaining their privacy and mindful of the need to avoid placing themselves in vulnerable situations*
- *challenge any request for their accommodation to be used as an additional resource for the school or school/service*
- *be mindful of the need to maintain professional boundaries*
- *refrain from asking pupils/children to undertake personal jobs or errands*

This means that adults should:

- *be aware of the school's policy on the giving and receiving of gifts*
- *ensure that gifts received or given in situations which may be misconstrued are declared*
- *generally, only give gifts to an individual young person as part of an agreed reward system*
- *where giving gifts other than as above, ensure that these are of insignificant value*
- *ensure that all selection processes which concern pupils are fair and that wherever practicable these are undertaken and agreed by more than one member of staff*

11. Infatuations

Occasionally, a child or young person may develop an infatuation with an adult who works with them. These adults should deal with these situations sensitively and appropriately to maintain the dignity and safety of all concerned. They should remain aware, however, that such infatuations carry a high risk of words or actions being misinterpreted and should therefore make every effort to ensure that their own behaviour is above reproach.

An adult, who becomes aware that a child or young person is developing an infatuation, should discuss this at the earliest opportunity with a Headteacher, line manager and parent/carer so appropriate action can be taken to avoid any hurt, distress or embarrassment.

This means that adults should:

- *report and record any incidents or indications (verbal, written or physical) that suggest a child or young person may have developed an infatuation with a member of staff*
- *always acknowledge and maintain professional boundaries*

12. Communication with Pupils *(including the Use of Technology)*

In order to make best use of the many educational and social benefits of new technologies, pupils need opportunities to use and explore the digital world, using multiple devices from multiple locations. It is now recognised that that e-safety risks are posed more by behaviours and values than the technology itself. Adults working in this area must therefore ensure that they establish safe and responsible online behaviours. This means working to local and national guidelines on acceptable user policies. These detail the way in which new and emerging technologies may and may not be used and identify the sanctions for misuse. Learning Platforms are now widely established and clear agreement by all parties about acceptable and responsible use is essential.

Communication between pupils and adults, by whatever method, should take place within clear and explicit professional boundaries. This includes the wider use of technology such as mobile phones text messaging, e-mails, digital cameras, videos, web-cams, websites and blogs. Adults should not share any personal information with a child or young person. They should not request, or respond to, any personal information from the child/young person, other than that which might be appropriate as part of their professional role. Adults should ensure that all communications are transparent and open to scrutiny.

Adults should also be circumspect in their communications with children so as to avoid any possible misinterpretation of their motives or any behaviour which could be construed as grooming. They should not give their personal contact details to pupils including e-mail, home or mobile telephone numbers, unless the need to do so is agreed with senior management and parents/carers. E-mail or text communications between an adult and a child young person outside agreed protocols may lead to disciplinary and/or criminal investigations. This also includes communications through internet based web sites.

Internal e-mail systems should only be used in accordance with the school/service's policy.

Further information can be obtained from <http://www.becta.org.uk/>

This means that the school should:

- *have in place an Acceptable Use policy (AUP)*
- *continually self-review e-safety policies in the light of new and emerging technologies*
- *have a communication policy which specifies acceptable and permissible modes of communication*

This means that adults should:

- *ensure that personal social networking sites are set at private and pupils are never listed as approved contacts*
- *never use or access social networking sites of pupils.*
- *not give their personal contact details to pupils, including their mobile telephone number*
- *only use equipment e.g. mobile phones, provided by school/service to communicate with children, making sure that parents have given permission for this form of communication to be used*
- *only make contact with children for professional reasons and in accordance with any school/service policy*
- *recognise that text messaging should only be used as part of an agreed protocol and when other forms of communication are not possible*
- *not use internet or web-based communication channels to send personal messages to a child/young person*

13. Social Contact

Adults should not establish or seek to establish social contact with pupils for the purpose of securing a friendship or to pursue or strengthen a relationship. If a pupil or parent seeks to establish social contact, or if this occurs coincidentally, the member of staff should exercise her/his professional judgement in making a response. There will be occasions when there are social contacts between pupils and staff, where for example the parent and teacher are part of the same social circle. These contacts however, will be easily recognised and openly acknowledged.

Nevertheless, there must be awareness on the part of those working with children and young people that some social contacts, especially where these are not common knowledge can be misconstrued as being part a grooming process. This can also apply to social contacts made through outside interests or through the staff member's own family.

It is recognised that staff can support a parent who may be in particular difficulty. Care needs to be exercised in those situations where the parent comes to depend upon the staff member for support outside their professional role. This situation should be discussed with senior management and where necessary referrals made to the appropriate support agency.

14. Sexual Contact

All adults should clearly understand the need to maintain appropriate boundaries in their contacts with pupils. Intimate or sexual relationships between children/young people and the adults who work with them will be regarded as a grave breach of trust. Allowing or encouraging a relationship to develop in a way which might lead to a sexual relationship is also unacceptable.

Any sexual activity between an adult and the child or young person with whom they work may be regarded as a criminal offence and will always be a matter for disciplinary action. All children and young people are protected by specific legal provisions in this respect regardless of whether the child or young person consents or not. The sexual activity referred to does not just involve physical contact including penetrative and non-penetrative acts. It may also include non-contact activities, such as causing children to engage in or watch sexual activity or the production of pornographic material. 'Working Together to Safeguard Children' defines sexual abuse as "forcing or enticing a child or young person to take part in sexual activities, whether or not the child is aware of what is happening".

There are occasions when adults embark on a course of behaviour known as 'grooming' where the sole purpose is to gain the trust of a child, and manipulate that relationship so sexual abuse can take place. Adults should be aware that consistently conferring inappropriate special attention and favour upon a child might be construed as being part of a 'grooming' process and as such will give rise to concerns about their behaviour.

This means that adults should:

- *have no secret social contact with pupils or their parents*
- *consider the appropriateness of the social contact according to their role and nature of their work*
- *always approve any planned social contact with children or parents with senior colleagues,*
- *advise senior management of any social contact they have with a child or a parent with who whom they work, which may give rise to concern*
- *report and record any situation, which may place a child at risk or which may compromise the school/service or their own professional standing*
- *be aware that the sending of personal communications such as birthday or faith cards should always be recorded and/or discussed with line manager.*
- *understand that some communications may be called into question and need to be justified.*

This means that adults should not:

- *have sexual relationships with pupils*
- *have any form of communication with a child or young person which could be interpreted as sexually suggestive or provocative i.e. verbal comments, letters, notes, electronic mail, phone calls, texts, physical contact*
- *make sexual remarks to, or about, a child/young person*
- *discuss their own sexual relationships with or in the presence of pupils*

This means that adults should:

- *ensure that their relationships with pupils clearly take place within the boundaries of a respectful professional relationship*
- *take care that their language or conduct does not give rise to comment or speculation. Attitudes, demeanour and language all require care and thought, particularly when members of staff are dealing with adolescent boys and girls.*

15. Physical Contact

There are occasions when it is entirely appropriate and proper for staff to have physical contact with pupils, but it is crucial that they only do so in ways appropriate to their professional role.

A 'no touch' approach is impractical for most staff and will in some circumstances be inappropriate. When physical contact is made with pupils this should be in response to their needs at the time, of limited duration and appropriate to their age, stage of development, gender, ethnicity and background. Appropriate physical contact in schools will occur most often with younger pupils.

It is not possible to be specific about the appropriateness of each physical contact, since an action that is appropriate with one child in one set of circumstances may be inappropriate in another, or with a different child. Staff should therefore, use their professional judgement at all times.

Physical contact should never be secretive, or for the gratification of the adult, or represent a misuse of authority. If a member of staff believes that an action could be misinterpreted, the incident and circumstances should be recorded as soon as possible in the school's incident book and, if appropriate, a copy placed on the child's file.

Physical contact, which occurs regularly with an individual child or young person, is likely to raise questions unless the justification for this is part of a formally agreed plan (for example in relation to pupils with SEN or physical disabilities). Any such contact should be the subject of an agreed and open school policy and subject to review. Where feasible, staff should seek the child's permission before initiating contact. Staff should listen, observe and take note of the child's reaction or feelings and – so far as is possible - use a level of contact and/or form of communication which is acceptable to the child for the minimum time necessary.

The general culture of 'limited touch' should be adapted, where appropriate, to the individual requirements of each child. Children with special needs may require more physical contact to assist their everyday learning. The arrangements should be understood and agreed by all concerned, justified in terms of the child's needs, consistently applied and open to scrutiny.

It is recognised that some children may seek inappropriate physical contact. Adults should be particularly aware of this especially when it is known that a child has suffered previous abuse or neglect. In the child's view, physical contact might be associated with such experiences and lead to some actions being misinterpreted. In all circumstances where a child or young person initiates inappropriate physical contact, it is the responsibility of the adult to sensitively deter the child and help them understand the importance of personal boundaries. Such circumstances must always be reported and discussed with a senior manager and the parent/carer.

This means that adults should:

- *be aware that even well intentioned physical contact may be misconstrued by the child, an observer or by anyone to whom this action is described*
- *never touch a child in a way which may be considered indecent*
- *always be prepared to report and explain actions and accept that all physical contact be open to scrutiny*
- *not indulge in horseplay*
- *always encourage children, where possible, to undertake self-care tasks independently*
- *work within Health and Safety regulations*
- *be aware of cultural or religious views about touching and always be sensitive to issues of gender*
- *understand that physical contact in some circumstances can be easily misinterpreted*

This means that the school should:

- *ensure they have a system in place for recording incidents and the means by which information about incidents and outcomes can be easily accessed by senior management*
- *make adults aware of relevant professional or school/service guidance in respect of physical contact with children and meeting medical needs of pupils where appropriate*
- *be explicit about what physical contact is appropriate for adults working in their setting*
- *provide staff, on a "need to know" basis, with relevant information about vulnerable pupils in their care*
- *make staff aware of most recent government guidance in respect of physical contact with pupils and meeting medical needs of children and young people in school*

16. Other Activities that require Physical Contact

Some adults working in particular settings, for example sports, drama or outdoor activities or teaching specific subjects such as PE or music, will have to initiate some physical contact with children, for example to demonstrate technique in the use of a particular piece of equipment, adjust posture, or perhaps to support a child so they can perform an activity safely or prevent injury. Such activities should be carried out in accordance with existing codes of conduct, regulations and best practice.

Physical contact should take place only when it is necessary in relation to a particular activity. It should take place in a safe and open environment i.e. one easily observed by others and last for the minimum time necessary. The extent of the contact should be made clear to the parent/carer and once agreed, should be undertaken with the permission of the child/young person. Contact should be relevant to their age or understanding and adults should remain sensitive to any discomfort expressed verbally or non-verbally by the child.

Guidance and protocols around safe and appropriate physical contact are provided by national school/service, for example sports governing bodies or major arts school/service, or the school employing school/service and should be understood and applied consistently. Any incidents of physical contact that cause concern or fall outside of these protocols and guidance should be reported to the senior manager and parent or carer.

It is good practice if all parties clearly understand at the outset, what physical contact is necessary and appropriate in undertaking specific activities. Keeping parents/carers, pupils informed of the extent and nature of any physical contact may also prevent allegations of misconduct or abuse arising.

This means that adults should:

- *treat children with dignity and respect and avoid contact with intimate parts of the body*
- *always explain to a child the reason why contact is necessary and what form that contact will take*
- *seek consent of parents where a child or young person is unable to do so because of a disability.*
- *consider alternatives, where it is anticipated that a pupil might misinterpret any such contact,*
- *be familiar with and follow recommended guidance and protocols*
- *conduct activities where they can be seen by others*
- *be aware of gender, cultural or religious issues that may need to be considered prior to initiating physical contact*

This means that the school should:

- *have up to date guidance and protocols on appropriate physical contact in place that promote safe practice and include clear expectations of behaviour and conduct.*
- *ensure that staff are made aware of this guidance and that safe practice is continually promoted through supervision and training.*

17. Behaviour Management

All pupils have a right to be treated with respect and dignity even in those circumstances where they display difficult or challenging behaviour.

Adults should not use any form of degrading treatment to punish a child. The use of sarcasm, demeaning or insensitive comments towards pupils is not acceptable in any situation. Any sanctions or rewards used should be part of a behaviour management policy which is widely publicised and regularly reviewed.

The use of corporal punishment is not acceptable and is unlawful in schools. Whilst there may be a legal defence for parents who physically chastise their children, this does not extend, in any circumstances, to those adults who work with or on behalf of pupils.

Where children display difficult or challenging behaviour, adults must follow the behaviour policy outlined by their school or service and use strategies appropriate to the circumstance and situation. The use of physical intervention can only be justified in exceptional circumstances and must be used as a last resort when other behaviour management strategies have failed.

Where a child has specific needs in respect of particularly challenging behaviour, a positive handling plan may be drawn up and agreed by all parties. Only in these circumstances should an adult deviate from the behaviour management policy of the school.

This means that adults should:

- *not use force as a form of punishment*
- *try to defuse situations before they escalate*
- *inform parents of any behaviour management techniques used*
- *adhere to the school's behaviour management policy*
- *be mindful of factors which may impact upon a child or young person's behaviour e.g. bullying, abuse and where necessary take appropriate action*

This means that the school should:

- *have in place appropriate behaviour management policies*
- *where appropriate, develop positive handling plans in respect of an individual child or young person.*

18. Use of Control and Physical Intervention

There are circumstances in which adults working with children displaying extreme behaviours can legitimately intervene by using either non-restrictive or restrictive physical interventions. This is a complex area and adults and the school must have regard to legislation and government guidance in the development and implementation of their own policies and practice.

The use of physical intervention should, wherever possible, be avoided. It should only be used to manage a child or young person's behaviour if it is necessary to prevent personal injury to the child, other children or an adult, to prevent serious damage to property or in what would reasonably be regarded as exceptional circumstances. When physical intervention is used it should be undertaken in such a way that maintains the safety and dignity of all concerned.

The scale and nature of any physical intervention must be proportionate to both the behaviour of the individual to be controlled and the nature of the harm they may cause. The minimum necessary force should be used and the techniques deployed in line with recommended policy and practice.

Under no circumstances should physical force or intervention be used as a form of punishment. The duty of care which applies to all adults and school/service working with pupils requires that reasonable measures are taken to prevent children being harmed. The use of unwarranted physical force is likely to constitute a criminal offence.

In settings where restrictive physical interventions may need to be employed regularly, i.e. where adults are working with children with extreme behaviours associated with learning disability or autistic spectrum disorders, the employer should have a policy on the use of such intervention, as part of a wider behaviour management policy. Individual care plans, drawn up in consultation with parents/carers and where appropriate, the child, should set out the strategies and techniques to be used and those which should be avoided. Risk assessments should be carried out where it is foreseeable that restrictive physical intervention may be required.

In all cases where physical intervention is employed the incident and subsequent actions should be documented and reported. This should include written and signed accounts of all those involved, including the child or young person if appropriate. The parents/carers should be informed the same day.

This means that adults should:

- *adhere to the school's physical intervention policy*
- *always seek to defuse situations*
- *always use minimum force for the shortest period necessary*
- *record and report as soon as possible after the event any incident where physical intervention has been used.*

This means that the school should:

- *have a policy on the use of physical intervention in place that complies with government guidance and legislation and describes the context in which it is appropriate to use physical intervention*
- *ensure that an effective recording system is in place which allows for incidents to be tracked and monitored*
- *ensure adults are familiar with the above*
- *ensure that staff are appropriately trained*

19. Children and Young People in Distress

There may be occasions when a distressed child needs comfort and reassurance and this may involve physical contact. Young children, in particular, may need immediate physical comfort, for example after a fall, separation from parent etc. Adults should use their professional judgement to comfort or reassure a child in an age-appropriate way whilst maintaining clear professional boundaries.

Where an adult has a particular concern about the need to provide this type of care and reassurance, or is concerned that an action may be misinterpreted, this should be reported and discussed with a line manager and parents/carers.

20. Intimate Care

Some job responsibilities necessitate intimate physical contact with children on a regular basis, for example assisting young children with toileting, providing intimate care for children with disabilities or in the provision of medical care. The nature, circumstances and context of such contact should comply with professional codes of practice or guidance and/or be part of a formally agreed plan, which is regularly reviewed. The additional vulnerabilities that may arise from a physical or learning disability should be taken into account and be recorded as part of an agreed care plan. The emotional responses of any child to intimate care should be carefully and sensitively observed, and where necessary, any concerns passed to Headteacher or line managers and parents/carers.

All children have a right to safety, privacy and dignity when contact of a physical or intimate nature is required and depending on their abilities, age and maturity should be encouraged to act as independently as possible.

The views of the child should be actively sought, wherever possible, when drawing up and reviewing formal arrangements. As with all individual arrangements for intimate care needs, agreements between the child, parents/carers and the school must be negotiated and recorded.

This means the adult should:

- *consider the way in which they offer comfort and reassurance to a distressed child and do it in an age-appropriate way*
- *be circumspect in offering reassurance in one to one situations, but always record such actions in these circumstances*
- *follow professional guidance or code of practice*
- *never touch a child in a way which may be considered indecent*
- *record and report situations which may give rise to concern from either party*
- *not assume that all children seek physical comfort if they are distressed*

This means that adults should:

- *adhere to the school's intimate care guidelines or code of practice*
- *make other staff aware of the task being undertaken*
- *explain to the child what is happening*
- *consult with line managers and parents/carers where any variation from agreed procedure/care plan is necessary*
- *record the justification for any variations to the agreed procedure/care plan and share this information with parents*
- *ensure that any changes to the agreed care plan are discussed, agreed and recorded.*

21. Personal Care

Young people are entitled to respect and privacy at all times and especially when in a state of undress, changing clothes, bathing or undertaking any form of personal care. There are occasions where there will be a need for an appropriate level of supervision in order to safeguard young people and/or satisfy health and safety considerations. This supervision should be appropriate to the needs and age of the young people concerned and sensitive to the potential for embarrassment.

Adults need to be vigilant about their own behaviour, ensure they follow agreed guidelines and be mindful of the needs of the pupils with whom they work.

22. First Aid and Administration of Medication

Health and safety legislation places duties on all employers to ensure appropriate health and safety policies and equipment are in place and an appropriate person is appointed to take charge of first-aid arrangements. Any employee may volunteer to undertake this task but it is not a contractual requirement and appropriate training should be given before an individual takes on a role which may require administering first aid or medication.

Some pupils may need medication during school hours. In circumstances where children need medication regularly a health care plan should be drawn up to ensure the safety and protection of pupils and staff. With the permission of parents, children should be encouraged to self-administer medication or treatment including, for example any ointment, sun cream or use of inhalers. If a member of staff is concerned or uncertain about the amount or type of medication being given to a pupil, this should be discussed with the appropriate senior colleague at the earliest opportunity. When administering first aid, wherever possible, staff should ensure that another adult is present, or aware of the action being taken. Parents should always be informed when first aid has been administered.

There should be due regard to current guidance.

This means that adults should:

- *avoid any physical contact when children are in a state of undress*
- *avoid any visually intrusive behaviour*
- *where there are changing rooms announce their intention of entering*

This means that adults should not:

- *change in the same place as children*
- *shower or bathe with children*
- *assist with any personal care task which a child or young person can undertake by themselves*

This means that the school should:

- *ensure staff understand the extent and limitations of their role in applying basic care and hygiene tasks for minor abrasions and understand where an injury requires more experienced intervention*
- *ensure there are trained and named individuals to undertake first aid responsibilities*
- *ensure training is regularly monitored and updated*
- *always ensure that arrangements are in place to obtain parental consent for the administration of first aid or medication*

This means that adults should:

- *adhere to the school's policy for administering first aid or medication*
- *comply with the necessary reporting requirements*
- *make other adults aware of the task being undertaken*
- *explain to the child what is happening.*
- *always act and be seen to act in the child's best interests*
- *report and record any administration of first aid or medication*
- *have regard to any health plan which is in place*
- *always ensure that an appropriate health/risk assessment is undertaken prior to undertaking certain activities*

23. One to One Situations

It is not realistic to state that one to one situations should never take place. It is however, appropriate to state that where there is a need, agreed with a line manager and/or parents/carers, for an adult to be alone with a child or young person, certain procedures and explicit safeguards must be in place. Adults should be offered training and guidance in the use of any areas of the workplace which may place themselves or children in vulnerable situations.

One to one situations have the potential to make child/young person more vulnerable to harm by those who seek to exploit their position of trust. Adults working in one to one settings with pupils may also be more vulnerable to unjust or unfounded allegations being made against them. Both possibilities should be recognised so that when one to one situations are unavoidable, reasonable and sensible precautions are taken. Every attempt should be made to ensure the safety and security of pupils and the adults who work with them.

There are occasions where managers will need to undertake a risk assessment in relation to the specific nature and implications of one to one work. These assessments should take into account the individual needs of the child/young person and the individual worker and any arrangements should be reviewed on a regular basis.

Pre-arranged meetings with pupils away from the school premises should not be permitted unless approval is obtained from their parent and the Headteacher or other senior colleague with delegated authority.

This means that adults should:

- *ensure that when lone working is an integral part of their role, full and appropriate risk assessments have been conducted and agreed.*
- *avoid meetings with a child or young person in remote, secluded areas,*
- *always inform other colleagues and/or parents/carers about the contact(s) beforehand, assessing the need to have them present or close by*
- *avoid use of 'engaged' or equivalent signs wherever possible. Such signs may create an opportunity for secrecy or the interpretation of secrecy*
- *always report any situation where a child becomes distressed or angry to a senior colleague*
- *carefully consider the needs and circumstances of the child/children when in one to one situations*

24. Home Visits

All work with pupils and parents should, wherever possible, be undertaken in the school or other recognised workplace, There are however occasions, in response to urgent or specific situations where it is necessary to make one-off or regular home visits.

In these circumstances it is essential that appropriate policies and related risk assessments are in place to safeguard pupils and the adults who work with them.

A risk assessment should include an evaluation of any known factors regarding the child/young person, parents and others living in the household. Risk factors such as hostility, child protection concerns, complaints or grievances can make adults more vulnerable to an allegation. Specific consideration should be given to visits outside of 'office hours' or in remote or secluded locations. Following an assessment, appropriate risk management measures should be in place before visits are agreed. Where little or no information is available, visits should not be made alone.

Where a programme of work is to be undertaken in the home an appropriate works space should be provided and a written work plan/contract should be agreed with the pupil and parent. This should include: clear objectives; content; timing; and duration of sessions; ground-rules; child protection and confidentiality statements. The plan should take into account the preferences of pupil and parent. There should also be an agreement that the parent or other suitable adult will remain in the home throughout the session.

Where the situation is such that changes in agreed work arrangements are required, a quick assessment will be necessary to determine if the session can continue. The Headteacher or line manager should then be informed as soon as is practically possible. Emergency situations should be reported to the police or social care and to the Headteacher/parent as appropriate.

These means that adults should:

- *agree the purpose for any home visit with senior management, unless this is an acknowledged and integral part of their role e.g. home tutors*
- *adhere to agreed risk management strategies*
- *always make detailed records including times of arrival and departure and work undertaken*
- *ensure any behaviour or situation which gives rise to concern is discussed with their manager and, where appropriate action is taken*
- *never make a home visit outside agreed working arrangements*

This means that employers should:

- *ensure that they have home visit and lone-working policies of which all adults are made aware. These should include arrangements for risk assessment and management*
- *ensure that all visits are justified and recorded*
- *ensure that adults are not exposed to unacceptable risk*
- *ensure that adults have access to a mobile telephone and an emergency contact person*

25. Transporting Pupils

In certain situations e.g. out of school activities, staff or volunteers may agree to transport children. A designated member of staff should be appointed to plan and provide oversight of all transporting arrangements and respond to any difficulties that may arise.

Wherever possible and practicable it is advisable that transport is undertaken other than in private vehicles, with at least one adult additional to the driver acting as an escort.

There will be occasions when adults are expected or asked to transport children as part of their duties. Adults, who are expected to use their own vehicles for transporting children should ensure that the vehicle is roadworthy, appropriately insured and that the maximum capacity is not exceeded.

It is a legal requirement that all passengers should wear seat belts and it is the responsibility of the staff member to ensure that this requirement is met. Adults should also be aware of current legislation and adhere to the use of car seats for younger children. Where adults transport children in a vehicle which requires a specialist license/insurance e.g. PCV or LGV- staff should ensure that they have an appropriate licence and insurance to drive such a vehicle.

It is inappropriate for adults to offer lifts to a child or young person outside their normal working duties, unless this has been brought to the attention of the line manager and has been agreed with the parents/carers.

There may be occasions where the child or young person requires transport in an emergency situation or where not to give a lift may place a child at risk. Such circumstances must always be recorded and reported to a senior manager and parents/carers.

26. Educational Visits and After-School Activities

Adults should take particular care when supervising pupils on trips and outings, where the setting is less formal than the usual workplace. Adults remain in a position of trust and need to ensure that their behaviour remains professional at all times and stays within clearly defined professional boundaries.

Where out of school activities include overnight stays, careful consideration needs to be given to sleeping arrangements. Children, young people, adults and parents should be informed of these prior to the start of the trip. In all circumstances, those organising trips and outings must pay careful attention to ensuring safe staff/child ratios and to the gender mix of staff especially on overnight stays.

Health and Safety arrangements require members of staff to keep colleagues/employers aware of their whereabouts, especially when involved in activities outside the usual workplace.

This means that the school:

- *should have appropriate policies for transporting pupils*

This means that adults should:

- *ensure they are fit to drive and free from any drugs, alcohol or medicine which is likely to impair judgement and/ or ability to drive*
- *be aware that the safety and welfare of the child is their responsibility until they are safely passed over to a parent/carer*
- *record details of the journey in accordance with agreed procedures*
- *ensure that their behaviour is appropriate at all times*
- *ensure that there are proper arrangements in place to ensure vehicle, passenger and driver safety. This includes having proper and appropriate insurance for the type of vehicle being driven*
- *ensure that any impromptu or emergency arrangements of lifts are recorded and can be justified if questioned*

This means that adults should:

- *always have another adult present in out of workplace activities, unless otherwise agreed with their line manager*
- *undertake risk assessments in line with their school/service's policy where applicable*
- *have parental consent to the activity*
- *ensure that their behaviour remains professional at all times(see section 7)*
- *never share beds with a child/pupils.*
- *not share bedrooms unless it involves a dormitory situation and the arrangements have been previously discussed with senior manager, parents and pupils*

27. Photography and Videos

Working with pupils may involve the taking or recording of images. Any such work should take place with due regard to the law and the need to safeguard the privacy, dignity, safety and well being of pupils. Informed written consent from parents or carers and agreement, where possible, from the child or young person, should always be sought before an image is taken for any purpose.

Careful consideration should be given as to how activities involving the taking of images are organised and undertaken. Care should be taken to ensure that all parties understand the implications of the image being taken especially if it is to be used for any publicity purposes or published in the media, or on the Internet. There also needs to be an agreement as to whether the images will be destroyed or retained for further use, where these will be stored and who will have access to them.

Adults need to remain sensitive to any children who appear uncomfortable, for whatever reason, and should recognise the potential for such activities to raise concerns or lead to misunderstandings.

It is not appropriate for adults to take photographs of children for their personal use.

It is recommended that when using a photograph the following guidance should be followed:

- if the photograph is used, avoid naming the pupil
- if the pupil is named, avoid using their photograph
- schools should establish whether the image will be retained for further use
- images should be securely stored and used only by those authorised to do so.

28. Use of Mobile Phones

All mobile phones should be kept in lockers during the working day when working with children in school. As most phones have cameras and internet access now it is inappropriate to have them in classrooms as their use could be misconstrued by parents or carers and lead to allegations against staff.

During school visits or home visits staff may have to have their phones with them for safety purposes.

This means that adults should:

- *be clear about the purpose of the activity and about what will happen to the images when the activity is concluded*
- *be able to justify images of children in their possession*
- *avoid making images in one to one situations or which show a single child with no surrounding context*
- *ensure the child/young person understands why the images are being taken and has agreed to the activity and that they are appropriately dressed.*
- *only use equipment provided or authorised by the school*
- *report any concerns about any inappropriate or intrusive photographs found*
- *always ensure they have parental permission to take and/or display photographs*

This means that adults should not:

- *display or distribute images of children unless they have consent to do so from parents/carers*
- *use images which may cause distress*
- *use mobile telephones or any other similar devices to take images of children*
- *take images 'in secret', or taking images in situations that may be construed as being secretive.*

This means that adults should:

- *follow the school's procedures for the use of mobile phones during the day.*
- *report any use of mobiles around children to their line manager.*

This means that adults should not:

- *use mobile phones to take photographs of children.*

29. Access to Inappropriate Images and Internet Usage

There are no circumstances that will justify adults possessing indecent images of children. Adults who access and possess links to such websites will be viewed as a significant and potential threat to children. Accessing, making and storing indecent images of children is illegal. This will lead to criminal investigation and the individual being barred from working with pupils, if proven.

Adults should not use equipment belonging to their school/service to access adult pornography; neither should personal equipment containing these images or links to them be brought into the workplace. This will raise serious concerns about the suitability of the adult to continue to work with children.

Adults should ensure that pupils are not exposed to any inappropriate images or web links. The school and adults need to ensure that internet equipment used by children have the appropriate controls with regards to access. e.g. personal passwords should be kept confidential.

Where indecent images of children or other unsuitable material are found, the police and Local Authority Designated Officer (LADO) should be immediately informed. Adults should not attempt to investigate the matter or evaluate the material themselves, as this may lead to evidence being contaminated which in itself can lead to a criminal prosecution.

30. Curriculum

Many areas of the curriculum can include or raise subject matter which is sexually explicit, or of an otherwise sensitive nature. Care should be taken to ensure that resource materials cannot be misinterpreted and clearly relate to the learning outcomes identified by the lesson plan. This plan should highlight particular areas of risk and sensitivity and care should especially be taken in those areas of the curriculum where usual boundaries or rules are less rigorously applied, ie drama

The curriculum can sometimes include or lead to unplanned discussion about subject matter of a sexually explicit or otherwise sensitive nature. Responding to pupils' questions can require careful judgement and staff may wish to take guidance in these circumstances from a senior member of staff.

Care should also be taken to abide by the governing body's required policy on sex and relationships education and the wishes of parents. Parents have the right to withdraw their children from all or part of any sex education provided (but not from the biological aspects of human growth and reproduction necessary under the science curriculum).

This means that the school should:

- *have clear e-safety policies in place about access to and use of the internet*
- *make guidance available to both adults and pupils about appropriate usage.*

This means that adults should:

- *follow the school's guidance on the use of IT equipment*
- *ensure that children are not exposed to unsuitable material on the internet*
- *ensure that any films or material shown to pupils are age appropriate*

This means that adults should:

- *have clear written lesson plans*
- *take care when encouraging pupils to use self expression, not to overstep personal and professional boundaries*
- *be able to justify all curriculum materials and relate these to clearly identifiable lessons plans.*

This means that adults should not:

- *enter into or encourage inappropriate discussions about sexual activity or any behaviours which may offend or harm others*

31. Whistle blowing

Whistle blowing is the mechanism by which adults can voice their concerns, made in good faith, without fear of repercussion. Each employer should have a clear and accessible whistle blowing policy that meets the terms of the Public Interest Disclosure Act 1998. Adults who use whistleblowing procedure should be made aware that their employment rights are protected.

Adults should acknowledge their individual responsibilities to bring matters of concern to the attention of senior management and/or relevant external agencies. This is particularly important where the welfare of children may be at risk.

32. Sharing Concerns and Recording Incidents

Individuals should be aware of the school's child protection procedures, including procedures for dealing with allegations against adults. All allegations must be taken seriously and properly investigated in accordance with local procedures and statutory guidance. Adults who are the subject of allegations are advised to contact their professional association.

In the event of any allegation being made, to someone other than a manager, information should be clearly and promptly recorded and reported to a line manager without delay.

Adults should always feel able to discuss with their line manager any difficulties or problems that may affect their relationship with pupils so that appropriate support can be provided or action can be taken.

It is essential that accurate and comprehensive records are maintained wherever concerns are raised about the conduct or actions of adults working with or on behalf of pupils.

Covid 19

The Department for Education issued non-statutory interim guidance on safeguarding in schools during the coronavirus outbreak. This guidance has now been withdrawn as the government expects all settings across the nation to reopen for the new academic year in September, with full availability to all learners. Requirements for local interventions in educational settings will continue to be reviewed and the school will adapt practices as appropriate in accordance with any new guidance.

This means that the school should:

- *ensure they have appropriate whistle-blowing policies in place*
- *ensure that they have clear procedures for dealing with allegations against staff which are in line with their Local Safeguarding Children Board's procedures.*

This means that adults should:

- *report any behaviour by colleagues that raises concern regardless of source*

This means that adults:

- *should be familiar with their school/service's system for recording concerns*
- *should take responsibility for recording any incident, and passing on that information where they have concerns about any matter pertaining to the welfare of an individual in the workplace*

This means that the school:

- *should have an effective, transparent and accessible system for recording and managing concerns raised by any individual in the workplace*
